

TURN YOUR TAXES INTO IMPACT

Through New Hampshire's CDFA Tax Credit Program, your business can redirect tax dollars to **Arts In Reach (AIR)**—supporting vulnerable youth while receiving a 75% state tax credit.

A \$10,000 pledge could cost as little as \$1,710 after tax credits and federal deductions.
Maximum impact. Minimal cost.

WHY CHOOSE AIR?

UNIQUE MISSION

AIR is the only NH nonprofit delivering **free arts and mentorship programs**. No barriers, no auditions, no cost, free transportation. More than enrichment; AIR programs are healing.

SERVING THE GREATEST NEED

Most AIR participants come from low-income households and face multiple adversities. In this era of crisis in NH teen's mental health, **AIR is changing lives.**

PROVEN IMPACT

Overwhelmingly, AIR alumni credit AIR with helping them stay alive and in school. Invest in confident, workforce-ready young people.

COMMUNITY RECOGNITION

Gain meaningful visibility through ribbon cuttings, media, and storytelling. Position your business as a leader in supporting youth, equity, and the arts.

THE TIME IS NOW TO MAKE A TANGIBLE DIFFERENCE

AIR has served thousands of Seacoast teens for nearly 30 years—and we've never had a space to call our own. Help us build something new and necessary!

For youth often overlooked or underserved, a safe "third space" – a consistent hub for creativity, belonging, and support – is transformational.

YOU CAN CREATE A HOME FOR:

Creative outlets that build confidence and emotional resilience.

Connection to mentors and peers in a safe, inclusive setting.

Barrier-free access to pivotal experiences that shape their futures.

Your investment builds a permanent foundation for AIR's life-changing work, and the teens who rely on it.
